PRODUCT DATASHEET

Flat Sheet Membrane Cutting & Trimming Machine

DETAIL – CLOSE-UP

OVERVIEW

Tech Inc. Flat Sheet Membrane Cutting & Trimming Machine delivers precision cutting and trimming capabilities for flat sheet membranes.

APPLICATIONS

Flat sheet membrane preparation for laboratory testing and characterisation; production-scale membrane cutting for module assembly processes; membrane sample preparation for research institutions and universities.

KEY ADVANTAGES

- Precision cutting mechanism with adjustable blade positioning for consistent results
- Variable speed control accommodating different membrane types and thicknesses
- Safety-engineered guard system protecting operators during operation
- Stainless steel cutting surfaces ensuring durability and corrosion resistance
- Compact footprint suitable for laboratory benches and production floors

Designed and built by Tech Inc. · **Part of the Davey Group since 1990**

Offices: Chennai · Toronto · Tallinn · Al Khobar
