PRODUCT DATASHEET

Grease Fitting Protectors and Fitting Kits

Protect and identify every grease point

DETAIL – COLOUR-CODED PROTECTORS ON BEARINGS

OVERVIEW

The Tech Inc. Grease Fitting Protectors and Fitting Kits cap each grease fitting with a coloured protector that keeps dirt out and shows the technician which grease the point takes. Fitting kits and tools keep every point serviceable, so no bearing is skipped because its fitting is blocked or missing.

MODELS AND CONFIGURATIONS

- **Coloured protectors** – colour shows the grease for the point.
- **Clear-lens protectors** – show grease condition at a glance.
- **Fitting kits** – SAE and metric, for repairs during a round.
- **Tools** – four-way tool and unblocker for stuck fittings.

TYPICAL DESIGN DATA

Sizes	Three sizes to suit common fittings
Colours	Up to 6, matched to your grease list
Kits	80-piece SAE or metric

APPLICATIONS

Bearings, pumps, motors, conveyors, fans and mobile equipment.

KEY ADVANTAGES

- **Cleaner bearings** – no grit pushed in with the grease
- **Right grease** – colour on the fitting matches the gun
- **Faster rounds** – clean, working fittings every time

Designed and built by Tech Inc. · **Part of the Davey Group since 1990**
